Permission Authorizing the Use of EFT Payments for occasional fees charged by St. Mary's School (Please read the EFT FAQs prior to completing this form.)

Dear Parents,

St. Mary's has introduced the use of electronic funds transfers (EFTs) to collect incidental fees from families. In practical terms what this means is that when the school notifies you of an incidental fee for your child (for example, a field trip fee) that these funds will be debited directly from your bank account by the school. We are introducing this process to help automate our payments processing and reduce the need to handle physical cash/ cheques. In order to do this, we require your authorization and a copy of a void cheque.

Please note that St. Mary's School will only withdraw the specified amount after first having notified you of the amount and purpose for which the fee is being levied and the date that the funds will be debited from your account.

In introducing this payments process will reduce substantially the school's overhead (collecting physical cash, the depositing of such cash at the bank, its reconciliation not to mention avoiding cases where a child might lose the money on the way to school).

I, _____, consent to St. Mary's School debiting from
(print name)

my bank account payment for **incidental activities related to my child's education** that occur during the 2024/25 school year recognizing that the school will only do so after first informing me of the activity, its cost and the date the funds will be withdrawn from my account.

Verbal permission, over the phone, will not be accepted.

Frequently Asked Questions – Electronic Funds Transfers (EFTs)

For Parents

Why is the school introducing this method of payment for incidental fees? Why can't I simply write a cheque or pay using cash?

St. Mary's is introducing the use of electronic funds transfer (EFT) to automate how our school collects incidental fees from families for such activities as field trips and other activities in which your child takes part where a fee is required. It has been done to make the process more efficient and secure as it eliminates the handling of physical cash (its counting, storage and deposit with a bank) and improves oversight as it will appear on your bank statement.

Will the school withdraw cash from my account without my permission?

No. Each time the school wishes to debit your account you will be notified in advance of the charge, what it is for and the date when the funds will be withdrawn. Should you opt not to take part in the activity (e.g., not provide permission for your child to take part in a field trip) no funds will be withdrawn from your account.

How will I know that the school is withdrawing funds from my account?

At all times any funds that are withdrawn from your account for incidental fees will be communicated to parents well in advance of the activity itself (as often consent forms are required for trips, or a letter is sent home explaining the activity). Parents have the option not to have their child take part in the activity and in such cases no funds would be withdrawn. The date the funds will be withdrawn will also be communicated home. In addition, your monthly bank statement will show that the debit has been made from your account, on the date specified and details of the payment.

How does the introduction of EFT payments automate the process?

There are several efficiencies that are gained from the introduction of EFTs. The first is convenience for parents in that they do not have to send cash or write a cheque and get this to the school. Convenience for the school in that it will no longer need to handle physical cash; collect, count and deposit such funds at the bank and the time required to do this. EFTs can be done by the school through an instruction using online banking. In this way it will automate reconciliation of such monies and make it easier for teachers and school bookkeepers to manage the overall process.

St. Mary's School POLICY for PARENT PARTICIPATION

Parents are expected to be actively involved in the various activities of the school, including fundraising. The Parent Participation program not only serves to strengthen the school community, it also provides support to a wide range of school initiatives that help to offset the cost of tuition. The school relies on the valuable contribution of each family.

Rationale of Parent Participation:

- Parental involvement in the school is a key trait of an effective school.
- When children see their parents involved in the school, their education seems more important to them.
- Working together on various tasks creates a sense of a close-knit community.
- We are all members of the St. Mary's family, and we are committed to all the children and to each other.

Parent participation is a requirement of all St. Mary's School families. Parents may choose to work the parent participation hours OR elect to not work the hours and have the Parent Participation fees direct debited from their account.

Parents who choose the work option are required to complete a total of **25 service hours**, to be completed by June 15th, unless previous arrangements are made with the PEC Parent Participation Coordinator to complete hours between June 15 and June 30.

Participation hours may be completed by any adult member of the family. All adults working directly with children MUST have completed a criminal record check (CRC) with the local RCMP office. Forms are available at the school office and the **CRC is free of charge**.

Parent/Guardian Responsibility:

Each school family is expected to make every effort to contribute their time, talent and treasure to the best of their ability. There are many opportunities given over the course of the school year to get your participation hours in (during the summer, daytime hours, in the evenings and on weekends).

Process:

- All school families must complete the **Parent Participation Program Contract**.
- **NON-PARTICIPATING FAMILIES:** An option is given on the Parent Participation Program contract to NOT participate in the Program. Families who elect to NOT participate will be required to pay \$1000. These non-participation fees will be taken from your account on September 20th/24.

PARTICIPATING FAMILIES

- It is the responsibility of each family to track their parent service hours and submit them (each month) using the OnVolunteer program [this program is new for the 2024-25 school year]. Failure to submit hours may result in your account being charged.
- A representative from the Parish Education Committee (PEC) will tally and keep a record of hours submitted.
- Families are required to do 25 participation hours.

Any questions regarding this parent participation policy should be directed to the Parish Education Committee Chair or the Pastor.
